

# EVEN "FLUSHABLE" WIPES CLOG PIPES

**NO**  
**WIPES IN**  
**THE PIPES**

Only toilet paper down the toilet

**Only the 3 P's in the toilet—  
Pee, Paper, Poo**

Even though the label may say "disposable" or "flushable", these products can clog and block up your sewer line. Unlike toilet paper, these products don't break down once flushed. They can cause blockages in your lateral, and create service issues in the public sewer system and pump stations. Save yourself and your sewer District from costly repairs and replacement bills - Put wipes, rags and towels in the trash, not the toilet.

Throw these items away every time.

**A PUBLIC SERVICE MESSAGE FROM THESE LOCAL AGENCIES**
